Subject: The Christian Messenger

To whom it may concern:

Over the past several months I have been converting the microfilm edition of B. W. Stone's Christian Messenger to PDF format. During that time I discovered your print edition of Christian Messenger.

I am writing to ask whether you would have any objection to my converting your print edition to PDF format and posting the PDF files, free of charge, on the Internet for free public access. This is my intention with the microfilm scans of CC but thought it might be a simpler task to use your hard copy edition. While I am aware that your print edition is not protected by copyright, I did not want to presume to use your publication without your permission..

Should you have no objection to my proposal, I would expect the PDF files to eventually reside on the Abilene Christian University server, as will be the destination other out-of-print works I am scanning, but they would be available initially for free download by anyone with access to the Internet.

Thank you for your consideration of my request.

Bob
